12:45 - 13:30 d&b: Line Arrays Unravalled (in The Roman Bar, off West Hall)

14:00 - 15:00 KV2 Audio unveil the ESD5 delay speaker

15:30 - 16:30 Sony present an overview about the frequency changes across Europe and how implementing a digital audio transmission can be a solution.

Thursday 25th June

10:30 - 11:30 Roland demonstrate the M5000 mixing console with flexible architecture

12:00 - 13:00 Bose show the F1 Model 812 with configurable vertical coverage pattern

13:30 - 14:30 Orbital Sound demo their Nemesis show control hardware, and Flare Audio's X2A Compact system and SB21 sub-bass.

Around the show

Yamaha are demonstrating the **RIVAGE PM10** for the first time at a UK trade show on stand A12. At the other end of the spectrum their new TF series desks will also be on show.

Sound Network would like to invite ASD members to an exclusive meeting with Christian Poulsen, CEO of **DPA Microphones**. This focus group is intended for theatre sound professionals to bring feedback and suggestions on product development, or any issues surrounding microphones and theatre sound reinforcement, directly to the manufacturer. This will be held at the Victoria Stakes pub, a stone's throw from the ABTT Show at Alexandra Palace, on Thursday for 11am to 1pm. RSVP to adam@soundnetwork.co.uk. The focus group is by invitation to ASD members only, though if you know of anyone who would be a good contributor then please let us know and we will extend an invitation to them.

Sennheiser will be showing off their new SL1 headset microphone, which has an MKE1 capsule on a boom with a dual-ear headset. Also on show their new MobileConnect system for the hard of hearing and visually impaired. Stand D12.

Roland will be on stand E34 demonstrating their M-5000 live sound mixing desk, along with the increasingly popular M-48 personal monitoring system.

Orbital Sound are showcasing products from NEXO, HME/Clear-Com, CSC, Flare Audio, Nemesis, and Yamaha on stand C11. As NEXO's UK main dealer, service centre and approved rental partner, Orbital is spotlighting NEXO's theatre solutions including the brand new ID Series of super compact loudspeaker systems; and the GEO M6 small format line array system. The full Nemesis line-up is on show, including the flexible CCS-2 Computer Control switch and the AD16-SW 16-channel

ADAT switch.

EM Acoustics are exhibiting for the first time on stand A31 where they'll be showing off the Halo Compact and several new products including their new EPX8 self powered speaker.
