

ASD News

The ASD began as a small network. It's aim? To connect, support and educate.

Ten years on, the ASD is now made up of over 700 people and we all have one thing in common, we love our industry.

As the amps power down out across that industry, we all face uncertain days ahead. If you're feeling the strain, drop us a line, pop a comment in the Forum, check us out on Facebook, Instagram and Twitter.

We're here for each other. We are all the ASD.

Covid-19 Sound Industry Impact 2020

ASD income survey

We have created a short survey to assess the impact of the Coronavirus pandemic on the Theatrical Sound world and to provide information to aid the lobbying of Government in its support for the industry. The survey should be fairly quick to fill out and is entirely anonymous. You can take the survey [here](#) until Monday 23rd March.

AGM Cancelled

We should have met together today and discussed how we felt the last year had gone. The AGM has been postponed until we can be certain about either a new date & venue OR a conferencing solution that would allow our members to join in a sensible and manageable format. We will update you all once we've finalised the plans.
