to help shape dynamic storytelling in the ever expanding field of museum experiences.

ASD Panel Discussion: Things I didn't learn in school.

Tuesday 6th September - 1pm - 2pm

Join the ASD's Sam Vincent and colleagues for a discussion around things learnt on the job that aren't always taught in educational settings, but are essential in the day to day work of sound professionals.

The National Theatre Sound & Video Department are taking applications for Work Placements. You can find all the details and application [here](#).

Nottingham Playhouse are seeking a passionate and enthusiastic individual to assist in delivering high quality support across the technical departments whilst gaining knowledge and experience in Technical theatre disciplines. You can find all the details and application [here](#).

Best of the Web

Introducing Zenso's DMeter

Zenzo Group Pty Limited has partnered with Audinate to develop DMeter, the first third-party software product that is designed exclusively for Dante users.

DMeter from Zenso is a flexible level metering application for Dante networks that runs on macOS and Windows computers, providing instant views of up to 32 channels from anywhere on your system. Presets allow you to see vital groups of channels with a single click, so you can ensure that every participant in your Dante network is heard the way they should be. Find out more [here](#).

If you missed HOLOPLOT's webinar on X1 the other week you can catch up with it [here!](#)
